Dimension:  
360x360x1100mm

**5 tier shelf**

Dimension:  
360x360x1410mm

**3 tier shelf**

**4 tier shelf**

**5 tier shelf**

### **Acacia (Acacia Mangium)**

There are more than 2000 variations of Acacia in the world. The Acacia Mangium grows at plantations in south east Asia and was originally planted for producing pulp for the paper industry.

The Acacia Mangium has very, very good wood working properties and is also used in our Garden Furnitures for outdoor use.

Its beautiful colours make it a success in combination with lighter colours in bathrooms and interiors.

**Stool**

**Dimension:**  
480x435x300mm
